No person shall dig up or cause to be dug up any street, sidewalk or public land except with permission of the Board of Warden and Burgesses (hereinafter referred to as the Board) or its designee. Prior to granting such permission, the Board or its designee may require a bond equal to \$2500 or the cost of restoring said street, sidewalk, or public land to a safe condition, whichever is greater.

2. No person shall place or cause to be placed any obstruction on any street, sidewalk or public land in such a way as to render passage unsafe to pedestrians or vehicles. Businesses on Water Street and adjoining streets shall ensure that at least four (4) feet of sidewalk along the length of their store front remains unobstructed. Safety shall be determined by the Street Commissioner.

3. Every person owning property abutting a sidewalk or served by a private-access street shall maintain conditions safe for passage of pedestrians on said sidewalk or for vehicles on said private-access street. A "private access street" shall be defined as any private street, way, alley, or right-of-way providing access for emergency vehicles to more than one principal use as defined in the Zoning Regulations of the Borough of Stonington. Safety shall be determined by the Board.

4. Upon determination that a violation has occurred of Sections 1, 2 or 3 of this Ordinance, the Sidewalk Commissioner shall set a reasonable amount of time in which the person responsible for such violations may correct the condition and shall notify the violator in writing of the violation and the period of time for correction. If the condition is not corrected within the specified period, the Board shall have the authority to correct it and to charge the person responsible for the violation a reasonable fee for such service.

If the obstruction or damage to a sidewalk is caused by the encroachment or uncontrolled growth of trees owned or maintained by the Borough, it shall be corrected at the expense of the Borough. Such expense shall be limited to the repair of the actual damage caused by such tree/s.

5. Every person owning property abutting a sidewalk shall remove snow, sleet, and ice from sidewalks within 12 hours after cessation of a storm and in such a way as to create a safe path at least two feet wide on said sidewalk. Safety shall be determined by the Sidewalk Commissioner or the Street Commissioner.

The Borough of Stonington adopts the provisions of Section 7-163a of the Connecticut General Statutes, as follows:

A. Notwithstanding the provisions of C.G.S. Section 13a-149 or any other general statute or special act, the Borough shall not be liable to any person injured in person or property caused by the presence of ice or snow on a public

sidewalk unless the Borough is the owner or is in possession and control of land abutting such sidewalk, other than land used as a highway or street, provided the Borough shall be liable for its affirmative acts with respect to such sidewalk.

B. (1) The owner or person in possession and control of land abutting a public sidewalk shall have the same duty of care with respect to the presence of ice or snow on such sidewalk toward the portion of the sidewalk abutting his or her property as the municipality had prior to the effective date this Ordinance and shall be liable to persons injured in person or property where a breach of such duty is the proximate cause of such injury.

(2) No action to recover damages for injury to the person or to property caused by the presence of ice or snow on a public sidewalk against a person who owns or is in possession and control of land abutting a public sidewalk shall be brought but within two years from the date when the injury is first sustained, or as otherwise may be allowed by law.

C. It is the intention of the Borough that this Ordinance shall conform to, and the Ordinance shall be deemed to conform to, any applicable amendments to C.G.S. § 7-163a that may take effect after the date of adoption of this Ordinance.

6. Upon determination that a violation of Section 5 above has occurred, the Sidewalk Commissioner or the Street Commissioner shall have the authority to correct the violation and to charge the person responsible for such violation a reasonable fee for such service and assess a fine up to \$100.

7. If any charges resulting from sections 4 or 6 above for correction of a violation on a street, sidewalk, or private access street remain unpaid for a period longer than 90 days, a notice of claim of lien shall be sent to the person owning the property. If, prior to the date of filing of the lien, the Borough of Stonington receives a request from the property owner for a hearing, the property owner shall have an opportunity to be heard, and after such hearing the Board shall determine the appropriate amount to be paid and lien. In no event shall the amount of the lien be greater than the original charges provided for in the notice to the landowner. If no request for hearing is received, a lien certificate shall be filed in the Land Records.

8. All public highways, roads, streets, alleys and private access roads in the Borough are hereby designated as Fire Lanes.

SBO-05 ORDINANCE ESTABLISHING PARKING RESTRICTIONS

1. Authorization. This ordinance is adopted pursuant to Sections 7-148 and 14-307 of Connecticut General Statutes.
2. Purpose. The public streets of the Borough of Stonington are almost uniformly narrow. Portions of the main thoroughfares within the Borough allow travel in only one direction. Residential, commercial and other buildings and structures are typically located very close to the streets. Many properties within the Borough are too small to allow on-site parking, so property owners must use the street for their motor vehicles, further restricting the flow of traffic along the streets. Pedestrian and vehicular traffic is often heavy along the main thoroughfares of the Borough. For these reasons, it is necessary to restrict on-street parking by large motor vehicles within the Borough to help assure a safe and convenient traffic flow and to minimize the potential for accidents due to restricted lanes and sightlines.
3. Parking Restrictions. All motor vehicles and trailers listed in Section 4 of this ordinance shall be subject to the following parking restrictions:
 - a. a. No such vehicle or trailer shall be parked on any street within the Borough except as expressly allowed in subsections b, or c. below.
 - b. b. A vehicle or trailer that is used for making deliveries of goods or receiving goods for delivery may be parked on a street within the Borough for only such period of time as is necessary to deliver or receive such goods.
 - c. c. A vehicle or trailer that is necessary for the performance of a service may be parked on a street within the Borough for only such period of time as is necessary to provide the service.
4. Vehicles Affected. Except as provided in Section 5 of this ordinance, the provisions of Section 3 of this ordinance shall apply to all motor vehicles and trailers having one or more of the following characteristics:

- a. a. Height in excess of eight (8) feet.
- b. b. Length in excess of eighteen (18) feet.
- c. c. Width in excess of seven (7) feet.
- d. d. More than four (4) wheels in contact with the ground.
- e. e. Gross vehicle weight or gross combinations weight rating in excess of ten thousand (10,000) pounds.

- 5. Exemption. This ordinance shall not apply to any vehicle needed to respond to a fire, medical emergency, police emergency, or similar emergency.

- 6. Penalties. Each violation of this ordinance shall be subject to a fine or civil penalty of one hundred dollars (\$100). Each day upon which such violation occurs shall be considered a separate and distinct violation and shall be subject to an additional fine or civil penalty.

Passed April 19, 2002; Re-passed December 16, 2013

SBO-06 SNOW EMERGENCY

1. "Snowstorm" shall be defined as such time as two inches of snow have fallen and thereafter until the cessation of the snowfall and until the completion of snow plowing operations on those streets affected by these regulations.

2a. Water Street, Main Street, and Elm Street are hereby designated snow emergency routes.

2b. Parking shall be prohibited upon Water Street and alternate sides of Main Street and Elm Street in the Borough of Stonington at times when a snowstorm occurs, except when such snowstorm occurs between the hours of 10:00 P.M. and 7:00 A.M., when all motor vehicles must be removed from Water Street and alternate sides of Main Street and Elm Street by 8:00 A.M.

2c. "Alternate side parking" shall mean that parking is permitted on one side of the street only, such that on even-numbered days of the month motor vehicles may be parked on that side of the street housing even-numbered addresses, and on odd-numbered days of the month, parking is allowed on that side of the street with odd-numbered addresses. A new day shall be deemed to begin at 8:00 A.M. for purposes of this ordinance.

3. Any vehicle found parked in violation of this ordinance may be removed, or conveyed by or under the direction of a member of the Town of Stonington Police

Department by means of towing the same or otherwise, to a private garage in the Town of Stonington. Such removal shall be at the risk of the owner. Before the owner or person in charge of such vehicle shall be permitted to remove the same from the custody of the garage where it was towed, he shall furnish evidence of his identity and ownership or right to possession and shall pay to the private garage, towing and storage charges reasonably incurred in such removal.

4. The provisions of this ordinance shall not apply to emergency vehicles while on an emergency call, public service vehicles, or physicians and ambulances on emergency calls.

5. Any person who shall violate or fail to comply with any section of this ordinance shall, upon conviction thereof, be punished by a fine not exceeding one hundred dollars.

SBO-18 ORDINANCE REQUIRING NOTICE OF DEMOLITION OF CERTAIN BUILDINGS

1. Authorization: Pursuant to the provisions of Section 29-406(b) of the Connecticut General Statutes, this ordinance establishes a waiting period of not more than ninety (90) days from the date of receipt of a completed demolition permit application before granting any permit for the demolition of certain

buildings or parts thereof, located within the Borough of Stonington. For purposes of this ordinance, "building" is defined as any structure intended for shelter, housing, or enclosure of persons or materials, and "demolition" is defined as the permanent removal, without replacement, of more than ten percent (10%) of the exterior surface area of an existing building as measured in square feet. This definition is applicable to changes involving the exterior of a building and does not include internal renovations.

2. Purpose: The purpose of this ordinance is to help protect the character of the Borough of Stonington by encouraging historic preservation, rehabilitation, and reuse of buildings, or parts thereof, within the Borough, by providing adequate time for all interested parties to consider and put forth appropriate alternatives to the demolition of such buildings, where they are not otherwise protected; and to allow time to create a photographic record of such buildings and to obtain proven dimensional information for future zoning determinations.

3. Applicability: No demolition shall occur within the Borough until a demolition permit is issued in accordance with the requirements of any pertinent State Statutes, state or local codes and regulations, and with the provisions of this ordinance.

4. Permit Procedure:

4.a. Any person who is proposing demolition within the Borough of Stonington under Connecticut General Statutes 29-406(b) shall file with the Zoning Officer of the Borough of Stonington an "Application for Demolition Permit" on the form available at the Town of Stonington Building Department. This application will be forwarded to the Building Official of the Town following the review allowed by this ordinance. In no event shall the review period exceed ninety days. In addition to all other requirements established for demolition within the Town, the applicant shall also file the following information with the Borough:

4.a.1. A photograph or plan of the building clearly indicating what is to be demolished and the percentage change.

4.a.2. The reason for the proposed demolition.

4.b. The Zoning Officer shall inform the Planning & Zoning Commission of all applications received. In the event that the Planning & Zoning Commission determines that a particular application merits public comment and review, it shall so notify the applicant in writing. The applicant shall thereupon send copies of the application, including all attachments, to all owners of property within 100 feet of the lot where the demolition is to occur. Such notice shall be by mail or facsimile, and the applicant shall provide proof of notice to the Commission. Such notice shall inform the recipients that any comments or objections to the proposed

demolition should be submitted in writing to the Stonington Planning & Zoning Commission prior to its next regularly scheduled meeting.

4.c. The Planning & Zoning Commission may ask the applicant to attend a meeting of the Commission to review comments received, as well as Commission concerns regarding the application and to consider alternatives to the proposed demolition.

4.d. The Planning & Zoning Commission, if it finds that review of the proposal is not merited or necessary, may instruct the Zoning Officer to forward the application to the Building Official any time prior to the expiration of the ninety day review period.

4.e. At the conclusion of the ninety day review period, or sooner if authorized by the Commission, the Zoning Officer shall forward the application to the Building Official together with a letter advising the Building Official that the review allowed by this ordinance is complete. At the expiration of the ninety day review period, the requirements of this ordinance shall be deemed satisfied.

5. Exemptions: In case of an unsafe building, the Building Official may take any emergency measures prescribed by the State Building Code or the Connecticut General Statutes.

6. Penalty: Any property owner or authorized agent of the property owner who violates any provision of this ordinance shall be subject to a fine in the amount of one hundred dollars (\$100), which amount shall be assessed each day as long as the violation continues (up to \$9000) and/or such other penalties as assessed under law.

7. Fee: A fee to cover the costs of processing the demolition permit under the provisions of this ordinance shall be established, not to exceed fifty dollars (\$50).

8: Effective Date: The effective date of this ordinance shall be July 16,2021.

Passed July 16, 1999, revised October 18, 2004; Revised January 20, 2015, Revised June 21, 2021.

4.2 Upon completion of the professional review under Section 3.2 and final action on the application, the Zoning Officer shall determine the actual costs incurred for the review, and the Commission or Board shall refund any excess funds to the applicant. The Commission or Board may also credit all or a portion of application fees from previous application(s) which were denied or withdrawn, where the review work performed on the previous application(s) may be of benefit in reviewing the new application. The Commission or Board exempting an application from payment of a fee, in whole or in part, shall state in the minutes of the meeting at which the application was received the fee type exempted, the percentage exempt, and reasons for granting the exemption. This exemption shall not prohibit the Commission or Board from requiring consultant reports, professional certification or conducting inspections to ensure conformance with land use regulations.

Section 6: Appeal

An applicant may challenge any aspect of a fee payable under this Ordinance by submitting a written appeal within thirty (30) days of the date of the challenged billing to the Chairman of the Commission. The Commission shall hear the appeal within sixty-five (65) days and make a ruling within an additional sixty-five (65) days from the completion of the hearing. The filing of an appeal shall not relieve the applicant from the duty to pay fees hereunder in a timely manner. Any such payments, if on appeal, shall be made under protest by the applicant, and the remedy, if the appeal is sustained, shall be by rebate.

Section 7: Validity

7.1 If any Section, clause or phrase of this Ordinance is, for any reason found to be invalid by a Court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Ordinance.

SBO-27 ORDINANCE ESTABLISHING A CITATION HEARING PROCEDURE

1. Hearing Procedure.

- A. Ordinances of the Borough may be enforced by citations issued by Borough officers or employees designated by the Board of Warden & Burgesses (the “Board”), provided that the ordinances have been designed specifically by the Borough for enforcement by citation in the same manner in which they were adopted. The designated Borough officer or employee may, at their discretion, but subject to the provisions of Section 3 below, issue a written warning providing notice of the specific violation before issuing the citation.
- B. The Board shall appoint one or more citation hearing officers, who shall be other than employees or persons who issue citations, to conduct the hearings authorized by this section.
- C. After a citation has been issued and the fine or penalty has not been paid, the Borough shall send notice to the alleged violator promptly (and no later than 3 months after the expiration of the final period for the uncontested payment of fines, penalties, costs or fees [see Section 4] for any citation issued under any ordinance of the Borough for an alleged violation). Such notice shall inform the violator(s) of the following:
 - (1) The allegations against the violator(s) and the amount of the fines, penalties, costs or fees due.
 - (2) That the alleged violator(s) may contest their liability by delivering in person or by mail written notice within 10 days of the date of original notice to said violator that they desire to contest their liability before a citation hearing officer.
 - (3) That if the alleged violator does not demand such a hearing, an assessment and judgment shall be entered against them.
 - (4) That such judgment may be issued without further notice.
- D. If the alleged violator(s) wish to admit liability for any alleged violation, they may, without requesting a hearing, pay the full amount of the fines, penalties, costs or fees in person or by mail to the official designated by

the Borough. Any alleged violator(s) who do not deliver or mail a written demand for a hearing within 10 days of the date of the first notice provided in Subsection C above shall be deemed to have admitted liability, and the designated municipal official shall certify such person's failure to respond to the hearing officer. The hearing officer shall thereupon enter and assess the fines, penalties costs or fees provided for by ordinance and follow the procedures in Subsection F below.

- E. Any person who requests a hearing shall be given written notice of the date, time and place for the hearing. Such hearing shall be held not less than 15 days nor more than 30 days from the date of the mailing of such notice, provided that the hearing officer shall grant, upon good cause shown, any reasonable request by an interested party for postponement or continuance. An original or certified copy of the initial notice of violation issued by a citation officer shall be filed and retained by the Borough, shall be deemed to be a business record within the scope of C.G.S. § 52-184 and evidence of the facts contained therein. The presence of the issuing citation officer shall be required at the hearing if the person requesting the hearing so requests. The alleged violator(s) shall appear at the hearing and may present evidence on their behalf. A designated Borough official, including but not limited to the citation issuer, other than the hearing officer, may present evidence on behalf of the Borough. If any alleged violator fails to appear, the hearing officer may enter an assessment by default against them upon a finding of proper notice and liability under the applicable ordinance. The hearing officer may accept from any alleged violator copies of police reports, motor vehicle department documents and any other official documents by mail and may determine thereby that the appearance of such person is unnecessary. The hearing officer shall conduct the hearing in the order, form, and with such methods of proof as they deem fair and appropriate. The rules regarding the admissibility of evidence shall not be strictly applied, but all testimony shall be given under oath or affirmation. The hearing officer shall announce their decision at the end of the hearing. If the hearing officer determines that any alleged violator is not liable, they shall dismiss the matter and enter their determination in writing accordingly. If the hearing officer determines that any alleged violator is liable for the violation, they shall forthwith enter and assess the fines, penalties, costs or fees against such person as provided by the ordinance.
- F. If such assessment is not paid on the date of its entry, the hearing officer shall send by first-class mail a notice of the assessment to the person

found liable and shall file, not less than 30 days nor more than 3 months after such mailing, a certified copy of the notice of assessment with the Clerk of the Superior Court of New London County, together with any applicable entry fee or other court costs. The certified copy of the notice of assessment shall constitute a record of assessment. Within such three-month period, assessments against the same person may be accrued and filed as one record of assessment. The Clerk of the Court shall enter judgment in the amount of such record of assessment, together with any applicable entry fee or court costs against such person in favor of the Borough. Notwithstanding any other provision of the General Statutes, the hearing officer's assessment, when so entered as a judgment, shall have the effect of a civil money judgment and a levy of execution on such judgment may issue without further notice to such person.

- G. The person against whom an assessment has been entered pursuant to this Section shall be entitled to judicial review by way of appeal. An appeal shall be instituted within 30 days of the mailing of notice of such assessment by filing a petition to reopen assessment, together with an entry fee in an amount equal to the entry fee for a small claims case pursuant to C.G.S. § 52-259, in Superior Court of New London County, which shall entitle such person to a hearing in accordance with the rules of the judges of the Superior Court.

3. Issuance of written warning.

In those instances where there is time to do so and where a continuing violation is not causing immediate or significant harm, a written warning providing notice of the specific violation shall be sent prior to issuing the citation.

4. Amount of fine, penalty, cost or fee.

The fine, penalty, cost or fee imposed under this chapter for any single violation shall not exceed the amount of \$250, unless otherwise specifically provided by the General Statutes.
